## A DRASTIC ACTION.

Venezuelan Government Seized Properties of New York & Bermudez Asphalt Co.

## THEIR STEAMER ESCAPED CAPTURE

Castro's Aggressive Policy is Directed Against French, British and German Companies.

Washington Officials Unable to Understand Arbitrary Action, as Venezuelan Supreme Court Upheld the Company's Claims.

Port of Spain, Trinidad, July 30.—Ambrose Howard Carner, the former managing director of the New York and Bermudez Asphalt Co. (who was recently appointed receiver of the company as a result of the suit brought by President Castro), accompanied by Attorney General Irabarrere, arrived at Guayana Thursday on the Venezuelan gunboat Bolivar and, backed by Venezuelan soldiers, took possession of the properties of the company, including the asphalt lake, against the energetic protests of Capt. Cooley, the company's representative. The steamer Viking, belonging to the company, escaped seizure and reached this port with the news of the government's drastic action.

Foreign companies residing in Venezuela are alarmed over President Castro's aggressive policy, which is directed also against French, British and German companies.

Washington, July 30.—The action of the Venezuelan government in seizing the properties of the New York and Bermudez Asphalt Co. has caused an unpleasant impression in government circles. Officials are unable to understand the reason for what appears to be such an arbitrary procedure as the supreme court of Venezuela heretofore has upheld the claims of the company to its properties. Following notice of the action of the Venezuelan government a few days ago in securing an attachment against the company with a view it was understood of obtaining damages because of aid alleged to have been given the revolutionists. United States Minister Herbert W. Bowen, at Caracas, was instructed to make a full and complete report to the state department of the various illegal steps which have been taken by Venezuela together with other information bearing on the subject that may be available and pertinent. His report is anxiously awaited and on it will depend the course to be taken by the United States for the protection of the vested rights of the company, which seem to be so seriously endangered by the attitude of the Castro government.

## THE ASSASSIN.

The Police Have Not Yet Established His Identity.

St. Petersburg, July 30.—The police have not yet established the identity of the assassin of M. Von Plehve or of his accomplices, though it has been ascertained that the former is a Little Russian, which accounts for his noticeable accent. The accomplice is a Jew.

It has developed that the police for some time past have been aware that a plot was maturing against the emperor and notified one of the ministers that a party of foreign anarchists had arrived at St. Petersburg. Several arrests were actually made some days before the assassination of the minister of the interior and the police had the assassin's house marked and a trap set for his arrest on the night of July 14, but he did not return home.

The bomb which the accomplice dropped in the canal after the assassination has been recovered by the police.

It is foreign made, though it is believed to have been loaded in St. Petersburg. It is small and melon-shaped and is believed to be fully as powerful as the one that killed M. Von Plehve.

The requiem service at M. Von Plehve's house Friday night was most impressive. The house was beautifully decorated with flowers. Madame Von Plehve and her son were present at the ceremony, as also were many officials and diplomats. A nun in the habit of her order knelt before the coffin intoning prayers for the dead. These prayers will be continued without interruption until after the interment.

The emperor was not present at the requiem Friday night, but he will attend the funeral Sunday afternoon.

Williamsburg, Ky., July 30.—Report has just reached here of the blowing open of the safe in the depot at Woodlino. The work was well executed, as if done by an expert. What money that was in the safe was taken.

## NEW YORK ANARCHISTS.

They Voiced Their Approval of the Assassination of Von Plehve.

New York, July 30.—Five thousand persons, all that could crowd into Cooper Union, cheered themselves hoarse Friday night over the death of the Russian minister of the interior, Von Plehve. The great hall was dotted with anarchists, who in frequent frenzies of excitement waved red bandanas and voiced their approval of the assassination. At every mention of the bomb thrower there was a din that lasted several minutes, and cries of "Leglo, Leglo, Leglo," echoed through the hall. The mass meeting was held by the United Russian revolutionists to celebrate Von Plehve's death, which they believe will mark a new era of liberty for their brethren in Russia. The leaders of the revolutionists in this city endeavored to keep the anarchists away, but the meeting was public and the latter quietly stole in one at a time. The police estimated that 500 anarchists were present.

## AGAIN DEPORTED.

The Experience of Patrick McCarvel, of Victor, Col.

Cripple Creek, Col., July 30.—Patrick McCarvel, one of the men who were deported over the Kansas line by the military early in June, returned to Victor, where he owns property, including a large hall and a business block valued at \$25,000. When McCarvel stepped from the train he was taken in charge by Maj. H. A. Naylor, acting city marshal. McCarvel was allowed to attend to some business affairs when he was placed on board the first outgoing train with a warning that in future police protection would not be afforded him if he again returns. McCarvel originally was deported for openly expressing sympathy with the Miners' union and denouncing Gov. Peabody and his military subordinates.

## EX-JUDGE M'KOONS.

Letter Received From the Missing Man Dated El Paso, Tex.

New York, July 30.—A letter was received in this city Friday from former Judge Daniel McKoons, who mysteriously disappeared three weeks ago, stating that he was in El Paso, Tex. The letter, which was addressed to Judge McKoons' son, was rambling and incoherent and indicated that the writer's mind was affected. It was represented at the time of Judge McKoons' disappearance that he had been kidnapped and was being held for ransom, but this view was not accepted by the police. Since that time the missing man's son has received several letters from widely separated parts of the country.

## THE SMOOT INVESTIGATION.

It Will Be Continued in Utah Soon After the Election.

Esopus, N. Y., July 30.—Senator Fred Dubois, a member of the committee on privileges and elections, which conducted the investigation of the protests against Senator Reed Smoot, of Utah, retaining his seat in the senate, announced here Friday that the investigation will be continued in Utah soon after election. It is likely that the committee will also visit Mormon settlements in Idaho, where especial inquiry will be made into the subject of church domination of politics. The investigation was started early in the last session of congress and continued until adjournment.

## MINE OWNERS' ASSOCIATION.

Over 4,000 of Their Working Cards Issued to the Miners.

Cripple Creek, Col., July 30.—Four thousand three hundred and nineteen cards have been issued to miners of the Cripple Creek district by the Mine Owners' association and 300 applications are still on file. Of the total number issued to date more than 2,100 have been in exchange for cards surrendered by former members of the Western Federation of Miners, who have renounced allegiance to the organization.

## The German Steamer Arabia.

New York, July 30.—President Morse, of the American Trading Co., Friday denied that the German steamer Arabia, which was captured by the Russian cruiser Gromobol was under charter to the American Trading Co.

## Sailed For Japan and China.

San Francisco, July 30.—The Pacific mail steamship Mongolia sailed Friday for Japan and China via Honolulu and Midway Islands. She carries about 6,000 tons of general freight. The cargo is valued at nearly \$2,000,000.

## Russia Buying Welsh Coal.

Cardiff, July 30.—A newspaper here says that within the last few days Russia has made a contract for nearly 200,000 tons of Welsh coal.

## STRIKE EXTENDING

Employees of Schwarzschild & Sulzberger and United Dress Beef Co., New York, Ordered Out.

## IT GOES INTO EFFECT SUNDAY.

The Action Was Taken After a Fruitless Effort to Arrange For a Conference With Packing Companies.

Probabilities of a Settlement By Opposing Interests in Chicago Are as Remote as Ever—Packers Will Ignore Unions.

Chicago, July 30.—Unable to arrange a conference with the representatives of the New York packers, Michael J. Donnelly, president of the Amalgamated Meat Cutters and Butcher Workmen of America, has ordered a strike of all the members of his organization employed in New York by Schwarzschild & Sulzberger and the United Dress Beef Co.

The order, which was telegraphed to New York Friday night, does not go into effect until Sunday, as the men in the eastern packing plants do not report for work on Saturday. The decision to extend the strike to the east was not taken until after Mr. Donnelly and his associates had spent the day in a fruitless effort to arrange a meeting with representatives of the eastern packers who came to Chicago Thursday night to acquaint themselves with the situation here.

The general belief was that the New York packers had come west to make terms with the butchers, but if such was the case they changed their minds after investigating the progress that had been made here in working the plants with non-union employees. At 5 o'clock Friday night, when Homer D. Call, secretary of the national organization of the butcher workmen, made a final appeal over the telephone to the representatives of Schwarzschild & Sulzberger for a meeting between the members of that firm and the officers of his union, he was told that the eastern packers had nothing to offer the men should such a meeting be arranged and that the conference would only be a waste of time. When this announcement of the eastern packers had been communicated to Mr. Donnelly he decided on the strike order.

That the probabilities of a settlement by the opposing interests in Chicago are as remote as ever was plainly demonstrated Friday when Henry C. Wallace, of Des Moines, Ia., and A. J. Ames, of Buckingham, Ia., called on the different packers with a proposition from the strike leaders offering to concede the most important point in the controversy if the employers would agree to renew peace negotiations. Mr. Wallace and Mr. Ames were told by the packers that there was no possible chance for any further conciliatory move and that the packers were now in a position where they could ignore the labor unions and that they proposed to do so. The packers' answer was delivered to the strike leaders and the men from Iowa left for home Friday night.

From a statement made by President Donnelly Friday night it would appear that the men are becoming anxious to get back to work. "We shall be glad to confer with representatives of the packers at any time," said Mr. Donnelly. "While I can not say that our position is in any way changed, we are not anxious to keep up a running fight and shall be glad if a settlement can be effected."

In one disturbance a mob captured a loaded meat wagon after it had left the stockyards Friday, upset the wagon and threw the meat into the street. The most serious riot of the day occurred in South Chicago, where five men were arrested for trying to prevent the delivery of meat. Although the strikers and their friends became very boisterous when it became known that President Golden had been arrested and made all sorts of threats, no one was seriously injured in any of the many disturbances that occurred. The police have the situation so well in hand that before the would-be rioters can get fairly started in their purpose they are scattered by the blue coats in all directions.

## Killed at the Supper Table.

Washington, Ga., July 30.—While Charley J. Tyler, a prominent young farmer of the northwestern section of the county, was at supper with his wife, Dr. Thomas C. Burch emptied two loads of buckshot from a window into the body of Tyler, killing him instantly.

Philadelphia, July 30.—President Geo. F. Baer, of the Reading and Jersey Central railroads, in an interview Friday on the situation in the anthracite coal region, said: "There will be no coal strike."

## THE DAY LAW.

Its Constitutionality May Be Tested in the Courts.

Lexington, Ky., July 30.—Local republicans declare that they will test the provisions of the Day law passed by the last general assembly, which prohibits co-racial education in this state, when the four Filipino students, which have been assigned to the Kentucky university by the government bureau of education, shall attempt to enter that institution. W. D. Oldham, in an interview Friday, declared that he would carry the matter to the courts should the Filipinos try to enter. He said: "The Filipinos are nothing but Negroes and far inferior, both physically and mentally, to our Negroes, and if these Oriental Negroes are brought here and an attempt made to enter them at the Kentucky university I shall go to the courts and test the constitutionality of the Day law. I am no abolition crank, but if our Negroes at home come under the ban of this law then the black savages from the Pacific Islands must be treated likewise."

This declaration has created considerable comment even in republican circles, and many interpret it as a dangerous utterance in that the Filipino question is an issue in the presidential campaign.

## CHRISTINE BRADLEY.

Daughter of Kentucky's Former Governor to Wed a Physician.

Louisville, Ky., July 30.—Ex-Gov. and Mrs. William O. Bradley announce the engagement of their daughter, Miss Christine Duncan Bradley, to Dr. John Glover South, of Frankfort. The date of the wedding has not been fixed, nor have any of the arrangements been made, except that it will take place in the fall at the Warren Memorial church. Miss Bradley is one of the most popular girls in Kentucky.

Dr. South is one of the leading physicians in Frankfort. He is the son of the late Barry South, who was a prominent politician, and brother of Mr. Jerry South, of Arkansas, at one time lieutenant governor of that state.

## OLD COUPLE WEDS.

Were Not Daunted By Former Matrimonial Experiences.

Greenup, Ky., July 30.—Undaunted by his previous experiences, Rev. J. H. Saunders, aged 76, Friday faced the matrimonial barrier for the sixth time in his life. The blushing bride was Mrs. Lizzie F. Kennard, who confessed that she has seen 66 summers come and go, and that she has been twice before united in happy wedlock. The couple will spend their honeymoon at the World's fair, waiting until October, however, to make the trip.

## Lost a Small Fortune.

Lexington, Ky., July 30.—A. B. Asher, of Pineville, left his pocketbook on a window sill at the Chesapeake & Ohio depot waiting room. It contained \$11,446 in currency, checks and notes. He had proceeded as far as Winchester before discovering his loss and immediately returned to this city, but has been unable to find any trace of the missing book.

## Oiling the Turnpikes.

Lexington, Ky., July 30.—Under orders made by the fiscal court the entire system of turnpikes in this county are to be thoroughly sprinkled with crude oil. It is claimed that the oil is a splendid preservative of the surface, effectively lays the dust, and is easier on travel.

## Electric Currents Ruins Water Mains.

Newport, Ky., July 30.—Electric currents passing under Newport streets are doing great damage to water mains and other metal conductors. The latest damage reported is to a great water main in Brighton street, fronting the street car power house.

## Col. T. J. Young Dead.

Louisville, Ky., July 30.—A telegram from E. P. Bean, of Belden avenue, Chicago, says Col. Thomas J. Young, son of former Congressman John D. Young, of Mt. Sterling, and for years prominent in Kentucky newspaper circles, died there Friday.

## Connolly Promoted.

Louisville, Ky., July 30.—Marion S. Connolly, division freight agent of the Pennsylvania lines, with headquarters in Louisville, was appointed general western and division freight agent of the same lines, with headquarters in Chicago.

## Kentucky Attorneys Meet.

Owensboro, Ky., July 30.—The Indiana cotton mills, at Cannelton, have closed down, and 350 men, women and girls have been thrown out of work.

## AT PORT ARTHUR.

Refugees, Who Have Arrived at Che Foo, Confirm Previous Reports of a General Assault.

## THE RUSSIANS ARE CONFIDENT.

They Are Unwilling to Believe the Reports of Gen. Kuropatkin's Defeat at Ta Che Kiao.

Ammunition Is Said to Be Growing Scarce and the Large Fort Guns Are Not Often Discharged in Consequence.

Shanghai, July 30.—A telegram received here from Wei-Hai-Wei confirms other telegrams received here Friday from Che Foo to the effect that Port Arthur has been captured.

The Wei-Hai-Wei telegram says also that the British fleet, which has been cruising, will return there Saturday.

Che Foo, July 30.—Refugees who have just arrived from Port Arthur confirm previous reports that a general assault has been begun by the Japanese on that fortress and they declare that the Russians are sanguine that the Japanese could not succeed in capturing the place even though they had twice as many troops. The Russians, according to the refugees' story, are still hoping for success from Gen. Kuropatkin. They are unwilling to believe the reports of his defeat at Ta Che Kiao. The refugees further confirm the reports that the Russian fleet is in a state of repair, but say that the fleet is unwilling to attack that of Adm. Togo on account of the mines which the Japanese place nightly at the entrance to the harbor. It was believed at Port Arthur that if the Vladivostok squadron or reinforcements from Gen. Kuropatkin should arrive the Russian fleet would take the risk of going out.

Ammunition is said to be growing scarce and the large fort guns are not often discharged. Attempts to manufacture ammunition in Port Arthur are reported to have been failures. All public buildings are being used for hospitals. The sick and wounded are being well cared for by volunteer nurses. The wounds made by the Japanese rifles are not dangerous except when vital spots are reached. Hundreds of badly wounded have quickly recovered from their wounds. An American named Holt reports that Lieut. Newton A. McCullick, the American naval attaché now at Port Arthur, is well.

St. Petersburg, July 30.—At 12:30 a. m. Saturday the general staff announced that there was no news from Port Arthur and no more reason to credit the report that it had fallen than the many similar ones previously in circulation. It was pointed out that no line of official news has been received from Port Arthur this week and that since the occupation of Yinkow by the Japanese anything from the fortress was likely to first reach Mukden and there be given out by Viceroy Alexieff. There is no official confirmation of the reported sinking of a cruiser and gunboat on July 28.

## STEAMER ARAGONIA.

She Is Detained at Astoria, Ore., Pending Instructions.

Portland, Ore., July 30.—The Portland and Asiatic Co.'s steamer Aragonia, which sailed from this port for the Orient Thursday, carrying an assorted cargo of flour, railroad materials, tobacco, etc., is detained at Astoria, pending further instructions from her charterers. It is understood in shipping circles that the Aragonia will not follow the usual route of steamers sailing from northwest ports for the far east, but that her course will be corrected as to minimize the possibility of capture by Russian war vessels. The Aragonia carries a cargo similar to that carried by the seized Arabia and largely consigned in like manner.

It seems strange that Powers and Howard should desire so many trials, while Taylor won't avail himself of a single one.

REPUBLICANS are trying to make it appear that Dennis Hanley of Bourbon is a worse man than either Howard or Powers, simply because he didn't perjure himself in the interest of their party.

In the midst of the trusts and strikes recall that the British are able to buy American-packed American meats cheaper than Americans can buy them—and keep cool under the collar if you can, says the Elmira Gazette.

The meat trust has robbed the cattle-raisers, robbed the butchers and retail dealers and robbed the consumers. It's a trust that ought to be suppressed, but the present administration doesn't seem to be in a hurry to do it.

SECRETARY SHAW says that wages have kept pace with prices, which moves the Commoner to reply: "The man who has to work to keep the dinner pail full can prove by his own experience that Secretary Shaw is talking for votes, not telling the truth."

OSCAR STRAUS was heralded recently as a prominent New Yorker who would bolt Judge Parker. It transpires that Straus was minister to Turkey under an appointment from McKinley and is now a member of The Hague tribunal under an appointment from Roosevelt. The Lexington Democrat wants to know "What and from whom has he bolted?"

THE Indianapolis News, owned in part by Senator Fairbanks, is frank enough to admit that the Hoosier State is in the doubtful column. It says that Roosevelt has made enemies in Indiana, "but there is little of that determined opposition to him among Republicans here that there is in the East". However, it thinks that "if Parker gets the gold Democratic vote and retains all the Bryan vote the State will be at least doubtful, and the result will be determined by the new voters and the independent voters.

The Directors of the Ruggles Camp Meeting Association at a called meeting Friday adopted resolutions directing the Secretary to convey the sympathy and love of the board to their President, Mr. I. M. Lane, in his illness, and expressing the regret of all at his absence from the meeting.

### **COURTS TO SETTLE IT.**

State Auditor Thinks the School Fund Not Entitled to Pro Rata of the Insurance Tax.

State Auditor Hager Thursday addressed a letter to Superintendent of Public Instruction Fuqua, notifying that official that he would decline to apportion to the common school fund any part of the direct tax on premiums collected from insurance companies doing business in Kentucky, until directed by the courts to do so. In this refusal Judge Hager is but following the precedent set by all of his predecessors in the office of Auditor, and the question of the apportionment will now go to the courts for settlement, the Attorney General having given the Superintendent an opinion that the apportionment should be made under the law.

Superintendent Fuqua will not await the decision of the question before declaring the per capita for the conduct of the schools for the coming session, which runs for six months under the new law passed at the last session of the General Assembly. He estimates that he will be able to fix the per capita at \$2.90, and, should the department recover the insurance fund money, he can bring it up to about or above \$3.20.

The estimates furnished by him of funds for the common schools is \$2,159,082.42. This is after deducting and paying the deficit existing in the fund of about \$171,000. If the courts hold that the school department is entitled to a portion of the insurance fund, it means an increase of the school fund of about \$125,000 annually. Superintendent Fuqua has also been told by the Attorney General that he can recover for the back years the money which has not been apportioned, which, if sustained, would mean about \$400,000 additional.

Lightning struck a large tree in front of Mr. David Hunter's house Thursday evening, shattering it completely. The same evening it struck two telephone poles on the Murphysville pike, and a colored woman at Mr. Charles Hunter's, standing near the wire leading into his house, was so shocked that she was rendered unconscious for about half an hour.

Bruce S. Grannis, a Flemingsburg attorney, has been appointed agent for the Eastern Kentucky asylum for several counties in this section. His duties are to look after claims against the estates of lunatics who have been cared for by the State as paupers and who have sufficient estate to satisfy those claims. He has already recovered quite a neat sum for the asylum.

The Auditor for the War Department has decided to allow the claims filed by Kentucky regiments which served in the Spanish war as follows: First Regiment, \$1,740; Second Regiment, \$570; Third Regiment, \$778. This money goes to the field and staff officers and bands, and represents pay for service for the interval between the date they reported for duty and that on which they were mustered into the service of the United States.

At Greensburg, Pa., he won two races with Dynamite, time 2:17, and sold him for \$500 to John C. Pender of Johnstown.

Reception Friday Evening by Miss Hattie Wood in Honor of Her Niece a Charming Affair.

One of the most enjoyable entertainments of the season was the reception given Friday evening by Miss Hattie Wood of Washington in honor of her niece, Miss Annie Stillwell of Oklahoma City. About all the young people of the neighborhood, and not a few of the older ones were present.

The grounds were beautifully decorated with Chinese lanterns, presenting a most charming appearance.

Delicious ices and cakes were served and the party did not break up until a late hour.

The hostess presided with her accustomed dignity and grace.

The entertainment given last evening by the Junior Epworth League of the Second M. E. Church was a very interesting and enjoyable affair. The entertainment was opened by a piano solo followed by prayer. Those who took part were Misses Edna Dawson, Lottie Sweet, Lolla Tolle, Ethel Pollitt, Ida Grimes, Juanita Sweet, Mabel Tolle, Lucy Quaintance, Beulah Ingram, Margaret Dawson, Knolein Stickley, Fannie Snapp and Minerva Means. The entertainment was largely attended and all were well pleased with the efforts of the children.

The apple crop in portions of Kentucky is being seriously damaged by some unknown worm or fly. A small hole has been found on the stem of the fallen, half-ripened fruit, which explains the condition of affairs. It is thought to be a worm which has done the damage, but on this growers do not agree, and some claim a fly which stings the stem near the fruit is the cause. In any event apples are said to be dropping from trees by the bushel, and in their half-ripened condition, are worthless for marketing.

He is a man about thirty years of age or thereabout. He sometimes calls the name of Andy James and intimates that said James had been paid \$100 a year to take care of him. At other times he mumbles something about the poor house, but gives no definite clue to who he is or where he came from.

### DIPHTHERIA NEAR MURPHYSVILLE.

One Death in the Bussel Family and Several Other Children Ill With the Disease.

A child of Mr. and Mrs. Frank Bussel, living near Pleasant Ridge in the Murphysville precinct, died Thursday of diphtheria, and three or four more of their children are ill with the disease. The neighbors are so alarmed over the disease that the family had to see to the burial of the child.

While none of the children now ill with the disease were in a serious condition Friday, the physician in charge of the cases, Dr. Pollock of Murphysville, thought it best to use the diphtheria anti-toxine, and by direction of Judge Newell, a supply of the serum was sent to Dr. Pollock by Druggist J. C. Pecor last evening.

The County Health authorities should see that all precautions are taken to prevent the spread of the disease.

Union Service at First Baptist Church. The union service to-morrow evening will be held at the First Baptist Church at 7:30 o'clock. Rev. Dr. Barbour of the First Presbyterian Church will preach. The public cordially invited.

We sell more Food Choppers at this time of the year than any other, but we do. Guess it's on account of the fruit and vegetable season. However, there is no time during the entire year that a Gem Chopper in the kitchen is not seasonable. Takes the place of the old-fashioned chopping bowl and knife—does better work, without noise—without tearing, squeezing, mashing or grinding. It saves time and adds to the pleasure of housekeeping.

#### AT RUGGLES.

Annual Camp Meeting at These Beautiful Grounds Now in Progress—Prominent Evangelists Preaching.

Ruggles camp meeting opened Thursday at 10 a. m. Presiding Elder Harrop presiding. He delivered a spirited address, which left a deep impression on those assembled. The camp grounds are at their best; nature has been lavished with its treasures and displays them with a beautiful hand at this place. Sunset at Ruggles is a most beautiful sight.

The people are gathering from far and near, and nearly every tent has an occupant, and all are determined to make the best of these ten days.

Saturday and Sunday will be big days. The Rev. D. Lee Aultman, D. D., of Cincinnati, will be the preacher, and the singing will be led by Evangelist Baker. It is expected that several thousand will be present during these days.

A delightful shower fell Thursday afternoon, refreshing and beautifying nature and delighting all present.

Mrs. J. H. Dodson led the children's meeting at 1:30 p. m. Thursday and it was a complete success.

Dr. Dunham, the evangelist, will have charge of the morning and evening services during the week, and Dr. Baker, the singing evangelist, of the afternoon meetings.

Mr. Harry Richardson, the cornetist, is the right man in the right place. He is prompt and punctual, and knows how to get music out of a cornet.

Presiding Elder Harrop tried to get credit at the hotel on his face. He succeeded in getting one meal, and then Mr. Hamrick realized the capacity of the man, and thereafter demanded pay in advance.

Regrets are many at the absence of I. M. Lane. He has been a constant attendant for the past thirty years, (must be careful here or we'll give his age away, and he is as touchy on that point as any woman). Someone had the impertinence to insinuate that he was staying close to the house in order to bleach his face, and that he would be on hand the second week as dainty and fresh as a young girl, and cause a flutter among the widows and spinsters.

Mrs. Jane Morris—Grandma, they call her—is leader of the mother's meetings, and these meetings are dear to the hearts of those who listen to her voice, knowing also her godly character. It is such a soul as hers that keeps our faith in humanity.

There may be wars and rumors of war, and our darling baby boys may sicken and die and never be soldiers unless we give them Dr. Moffett's "TEETHINA" (Teething Powders). "TEETHINA" aids digestion, regulates the bowels and makes teething easy by overcoming and counteracting the effects of the summer's heat upon the dear little ones.
